

AMBASSADOR HERRICK BEGINS HIS TRIP HOME

Leaves Paris for Havre, Where He
Will Take Steamer for
New York.

CROWDS DID HIM FAREWELL

Many Evidences of Appreciation
Shown Retiring Diplomat by Gov-
ernment and City Officials, Wound-
ed Soldiers and Others.

PARIS, November 28.—Myron T. Herrick, the retiring American ambassador to Paris, accompanied by

Mrs. Herrick and the members of his family, left Paris for Havre this morning, where they will take the steamer Rochambeau for New York. A special car was placed at their disposal by the French government for the run from Paris to the coast. Nearly all the Americans remaining in Paris, both men and women, crowded the Invalides Station to bid farewell to the retiring diplomat. Among them were William Graves Sharp, who succeeded Mr. Herrick as ambassador; Alexander H. Thackera, the American consul-general; and Mrs. Thackera and the staff of the embassy. There were present also a number of prominent French officials and some well-known British residents. The French officers, including General Gallieni, military governor of Paris; General Fevrier and a number of colonels and majors

**THANKED FOR SERVICES
TO BRITISH SUBJECTS**
Sir Austin Lee, acting for the Brit-

ish ambassador at Bordeaux, handed to Mr. Herrick a letter from Sir Edward Grey, the British Foreign Secretary, thanking him for the services of the American embassy to British subjects. As a token of appreciation, Mr. Herrick was presented with several pieces of silver plate by members of the British colony here. Some wounded British soldiers, who had made their recovery at the American ambulance also were present at the railroad station to take leave of the ambassador. These men included Lieutenant Read, of the aviation corps. A deputation of French officers gave Mrs. Herrick an enormous bouquet of roses, which were added to the great collection of floral contributions which half filled the Herrick car.

Among the many evidences of appreciation handed to Mr. Herrick on his last day in Paris was an address of thanks from a number of French officers, letters and addresses from French Deputies, from the Board of

American Ambulance, from the American Chamber of Commerce and from the French Society of Men of Letters.

POSITION OF GERMANS MADE MORE FAVORABLE

Appearance of Russian Reinforcements
May be Followed by Advance
of Austrians.

BERLIN, November 28 (by wireless).—Information given out to-day by the official press bureau, follows:
"Military critics of the Berlin newspapers consider that the success of the Austrians on November 25, and of General Mackensen on the following day, have made still more favorable the position of the Germans. Russian reinforcements appear to have come from Lvangel and from Galicia. The latter movement may be followed by an advance of the Austrians over the Car-

pathians, and toward the River Saraj.

"Reports from Vienna says the conflict along the greater part of the front has assumed the character of a stubborn and long-drawn battle.

"Fighting in the west has almost been lost sight of in view of the important conflict in Poland and Galicia, the outcome of which is likely to exert an important influence on the whole situation.

"Further progress of the Austrian forces in Servia is reported from Vienna where it is said that the enemy has been forced back near Lazarevatz, on his centre, which has been broken through. Further successes are also believed to have been won along the Kolubara River south of Valdevo, the Austrians now being before Kosjovitz.

"The Turin Stampa reports that high Egyptian dignitaries are being expelled by the British, intensifying the excitement of the natives in Egypt.

"On French prisoners have been found bullets with the tops bored out

and filled with white phosphorus.

"A mutiny has broken out among Servians in the Drin division of the army. Servian deserters are arriving in Bulgaria.

"Enver Pasha, Turkish minister of war, and Djemal Pasha, Minister of Marine, have left for Egypt. Turkish newspapers say that if Turkey liberates Egypt political disension will disappear.

"Since the French established a naval base at Bizerte, Tunis, Italy has been threatened in the Mediterranean. She likewise has been menaced at Bengazi by the British naval base in the Gulf of Solom. Victory for Turkey and her allies, these newspapers say, will extricate Turkey from these dangers.

Sometimes one shopping just after the noon hour is apt to think there are too few clerks, probably overlooking the fact that our salespeople must eat to live, and at this particular time nearly half our sales force is engaged in this very necessary function.
